HOLIDAY RECYCLING TIPS

With the Holidays just around the corner, we would like to share a few helpful tips to reduce your waste this holiday season!

Halloween has passed and now what do you do with your pumpkin? Do not throw away all the goodies from inside your pumpkin. Toast the seeds or make pumpkin pie for a tasty treat and then compost the rest!

Give your Thanksgiving table setting a festive ambiance and reduce waste by using dishware, cloth napkins, reusable utensils, cups and dinner plates. This can make setting your dinner table a fun project for the whole family.

Do you have Holiday lights up around your house? Make sure to turn them off or unplug them during the day. This saves energy and allows for the lights to last longer. You can also recycle unwanted or broken Holiday string lights!

The Holiday season generates an excess amount of cardboard and paper products. Flatten and cut your cardboard to fit loosely in your recycling container. Extra cardboard should be bundled (2x2 feet) and placed next to your container.
