

Los Altos Hills County Fire District Brush and Yard Trimmings 2018 Collection Schedules

GreenWaste Recovery, Inc. (GreenWaste) is proud to announce our continued partnership with the Los Altos Hills County Fire District (District) to maintain the operation of a program designed to assist residents with the clearing of brush and yard trimmings. The goal of this program is to reduce the District's fire load and is limited to residents within the District boundaries.

This program is 100% funded by the District. Events will be held the **3rd Saturday of every month**, so residents will have ample opportunities to properly dispose of brush and yard trimmings at no charge.

All material must be delivered to the District-sponsored events located at the Foothill Community College and offloaded by the resident. Vehicles delivering "loose" materials are limited to one (1) ton in size (e.g. pick-up trucks).

To Participate, Residents Must:

- **show valid Photo I.D with address or current garbage bill.**
- **accompany any firm hired to deliver the material on every trip.**

GreenWaste will provide vehicles and staffing for each event. GreenWaste staff cannot unload materials from vehicles unless residents are physically unable to unload their own materials.

The materials collected will help reduce the District's fire load and in addition benefit the community by being composted and diverted from landfills.

Residents wishing to participate may attend any or all of the District sponsored events. Remember this program is limited to District residents.

Only brush and yard trimmings will be accepted. Any material considered contaminated will not be accepted at the events. The following materials will NOT be accepted, as they are considered contaminants at the processing facility:

- **NO** garbage or other recyclables
- **NO** rocks, dirt, concrete, ashes, asphalt or construction materials
- **NO** stumps or tree trunks larger than 4 feet in length and 6 inches in diameter
- **NO** poison ivy, poison oak, palm fronds, cactus, ice plants or bug-infested materials
- **NO** fruits or vegetables
- **NO** painted trees
