Foam Packaging: Which Cart Do They Belong In?

Foam packaging, including large blocks, single-use to-go containers, and packing peanuts, are often mistakenly thought to be recyclable. However, they are not. Please do **not** place these materials in your blue recyclables cart. **Foam packaging belongs in your gray mixed compostables cart.** GreenWaste's mascot, Authentic Quokka, can help guide you through the easy steps on how to properly dispose of them in the correct cart!

- 1 Break down any large pieces of foam and place loose foam peanuts in a clear or translucent bag.
- 2 Place all foam packaging inside of your **gray** mixed compostables cart.
