**Thurs. 12/25**  
**No Service**  
Christmas Day

**Fri. 12/26**  
Service for Thursday  
Customers

**Sat. 12/27**  
Service for Friday  
Customers

GreenWaste will **not** collect on Christmas and New Year's Day. If your regular collection day falls on or after one of these holidays, your collection will be delayed by one day.

## Holiday Tree Pick-Up: December 26th - January 25th

- All trees must be placed curbside on your regular collection day, regardless of on-property pick-up.
- Tree height must be no longer than 5 ft. (cut tree if needed).
- Remove all stands, lights, ornaments, and tinsel.
- Do **not** cover or bag the tree.
- Flocked (artificial snow) trees are **not** accepted and must be placed in your gray cart.

## Simple Tips to Reduce Waste and Celebrate Sustainably

Prioritize food waste reduction by considering which foods are commonly leftover in your household and adjust your purchases accordingly.

Try the GUEST-IMATOR tool to help you calculate food portions, [www.savethefood.com/guestimator](http://www.savethefood.com/guestimator).

## Choose Reusables

Use reusable plates, utensils, and cups instead of disposables. Or skip foodware altogether by serving finger foods.

## Decorate Sustainably

Invest in decor you can reuse year after year. Try reusable string lights, tablecloths, foliage, or even food as a centerpiece. Avoid single-use items like balloons and streamers.

## Set Up In-House Waste Stations

Make it easy for guests to sort waste with accessible food and recycling containers.

**Mixed Compostables**

**Recyclables**

## Holiday Reminder! Household Batteries

Never place used batteries, including devices with embedded batteries, in any of your GreenWaste carts. Make sure your used AA, AAA, 9-volt, and small lithium-ion batteries are placed in a sealed and clear bag on top of your blue recycling cart on your collection day.

## GreenWaste mobile app - now available in the Apple and Google Play Store!

We are excited to announce the launch of our new GreenWaste mobile app! The app is designed to make sustainable waste management easier, more efficient, and more accessible for you. Download the app for your Apple or Android device today!
