Summer 2024

Spotlight on Saint Angela Merici Parish

At Saint Angela Merici Parish, their Outreach Coordinator Betsy Messman is bringing her eco-friendly practices into the church and helping educate anyone who enters their doors. She started by teaching the staff about composting practices and recycling diversion and later expanded her efforts to include educational materials readily available throughout the parish. This includes displaying posters about proper waste disposal next to the three-stream collection containers and providing GreenWaste's Wasteline Newsletters to churchgoers. St. Angela's also distributes monthly newsletters, with the April 2024 edition featuring information on environmentally friendly practices and waste diversion in honor of Earth Day.

Betsy suggests starting small and building confidence in developing environmentally friendly habits. She recommends using the user-friendly What Goes Where

App to find out where to dispose of various items. Betsy's goal is to motivate people to care for the planet and keep the environment clean for everyone's benefit. Betsy encourages everyone, "Try it for a week and you'll be amazed at how much you'll reduce your trash!"

Holiday Pickup Schedule

GreenWaste will provide regular collection service on these holidays:

★ Independence Day ~ Thursday, July 4, 2024 ★

★ Labor Day ~ Monday, September 2, 2024 ★

Please set out your containers on your regular collection day by 6:00 AM

DELIVER IT

We accept card payments only. Bring your payment to our Marina office
Monday through Friday
8AM-4PM
14207 Del Monte Blvd.
Marina, CA 93933

No Plastic Bags in Recycling or Organics

RECYCLING:

Reduce waste and recycle without bagging in plastic; place recyclable items straight into your recycling container loose, dry, and empty. Why? Plastic bags are wasteful and can jam up the sorting machinery at the Recycling Center.

ORGANICS:

Keep food scraps and plant trimmings loose. Why? Organics are turned into compost and put back into the soil. If you wouldn't want your food grown in it, keep it out of the organics container.

Feed the Soil with Keith Day's Compost!

Transform your landscape with Keith Day's Landscaping Supply. Their premium compost and all-natural forest mulch can enhance your outdoor spaces. Made from organic materials, the nutrient-rich compost promotes healthy plant growth. The local-sourced forest mulch adds natural beauty to your surroundings. Visit www.keithdaylandscapesupply.com to learn more.

Rate Adjustment Reminder

Effective July 1, an annual rate adjustment was applied to your collection services. For more information on annual adjustments please contact us at 831.920.6707 or visit us online at www.greenwaste.com
