Keep These Out of the Garbage!

When you sort your waste into the right place, you ensure that valuable resources are recovered. It's important to remember that not everything can go in your gray garbage cart!

1) **Recyclable materials** go in the blue container.

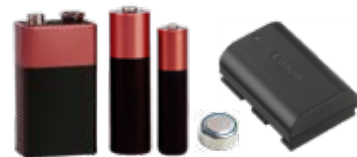

2) **Organic materials** go in the green container.

3) **Hazardous waste** does not go in any containers. For free and safe disposal of most hazardous waste, contact ReGen Monterey at www.regenmonterey.org/hazardous-materials/ or call (831) 264-6386.

4) **Electronic waste** can cause fires. To schedule a bulky pickup for electronic waste (charged per item), authorized users can contact GreenWaste.

5) **Batteries** do not belong in any containers. For safe disposal of batteries, contact ReGen Monterey www.regenmonterey.org/hazardous-materials/ or call (831) 264-6386.

No Bags in the Blue Container

Place recyclables in your blue cart loose, dry, and spatula-clean! Bags can get tangled in machinery at the recycling center. Only shredded paper can be bagged.

Maintain Safe Enclosures

Help GreenWaste and your business conduct safe and efficient collections by following enclosure guidelines!

- Clean any debris, objects, or liquids that would be a hazard or obstacle to employees and drivers.
- Ensure all items are sorted into the appropriate cart or bin with the lids closed.
- Provide gate or lock code information for driver access.
- Ensure the areas both inside and outside of the enclosure are level.

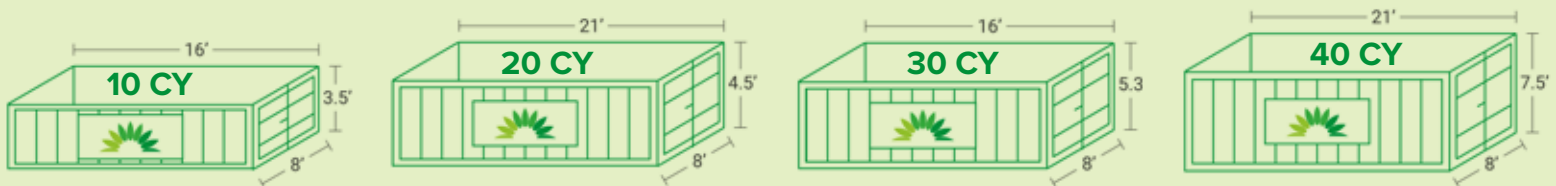

If you would like to make service changes, review enclosure guidelines, or request broken container replacements, please call (831) 920-6707 or email peninsulacs@greenwaste.com and request an outreach coordinator.
